Statement from the Board of Management

St John's National School – Primary School Survey

Following the completion of the recent Primary School Survey, the Board of Management of St John's National School has carefully considered and discussed the findings at its June meeting and again at its most recent meeting in October.

The survey results indicate that the majority of parents are satisfied with the current educational provision in the school, including the existing co-educational model, the teaching of children through the medium of English and the Catholic ethos of the school.

Having considered these findings, the Board of Management has agreed **not to pursue any change to the school's current configuration at this time.**

The Board wishes to thank all parents who participated in the survey and shared their views. This feedback has been valuable in informing the Board's consideration of the matter.

The Board remains committed to providing a welcoming, inclusive and supportive school environment in which all children can learn, develop and thrive.

Date: 21 October 2026

Fr. George Hayes
Chairperson
Board of Management
